HORSE RACING ALBERTA

Horse Racing Alberta (HRA) was formed in June of 2002. Its purpose, in concert with all racing industry stakeholders, is to facilitate long term industry renewal for horse racing. The HRA is guided by the following mission statement:

“To be a governing body whose role is to promote and facilitate the growth, integrity and economic contribution of the Alberta Horse Racing and Breeding Industry. This shall be done by providing quality entertainment, employment, economic and value-added agricultural opportunities within a unified, viable, progressive, accountable and self-regulated industry environment.”

In accordance with the Horse Racing Alberta Act, the mandated objectives of the HRA are:

- to govern, direct, control, regulate, manage, market and promote horse racing in any or all of its forms;
- to protect the health, safety and welfare of racehorses and, with respect to horse racing, the safety and welfare of racing participants and racing officials; and
- to safeguard the interests of the general public in horse racing.

- (b) an electronic system supplies the racing secretary with the necessary eligibility and other information.

389 s Unavailability of eligibility information

If an *eligibility certificate is unavailable for any reason, including loss or failure of an electronic system, or refusal of an approved issuing body to supply information, the *judges board may issue a temporary certificate containing information from the official charts and in a *prescribed form in order to allow the *horse to *race, if the judges board is satisfied that:

- (a) the horse is a genuine standardbred and that there is no other encumbrance to prevent the horse from racing in the name of the *owner with clear title according to the rules,
- (b) an approved eligibility certificate is not available from another source or, in the opinion of the judges board, an approved eligibility certificate has been unreasonably denied by an issuing body, and

- (c) a printed eligibility certificate is required for racing engagements and electronic eligibility certificates are not available.

390 s Closing of declarations

- (1) A *licensed operator must publish the time for closing of *declarations on the condition sheets.

- (2) In the case of a telephoned declaration, a properly signed declaration must also be deposited with the racing secretary before *post time of the *race concerned.

396 s Before the draw

Before opening the declaration box for the draw, the racing secretary or the assistant secretary must take control of the declaration box and may open the box before the time of closing to provide an opportunity to process declarations, but no information about the names of *horses declared is to be given by any person to any other person before *declarations are drawn.

397 s Timing of activities

*Declarations must be listed, the eligibility verified, preference ascertained, *starters selected and *post positions drawn at such times as are determined by the *licensed operator.

398 s Reopening races

If it is necessary to reopen a *race, a public announcement must be made at least twice and the declaration box reopened at a specified time.

*Post positions for a *handicap *claiming race are to be determined by the *claiming price applicable before application of allowances.

402 s Entries in separate divisions

Unless otherwise specified in the conditions, if a *race is split into divisions or elimination heats, *horses must be seeded in separate divisions or elimination heats insofar as possible

- (a) by *owners,
- (b) by *trainers, and
- (c) by stables,

but the divisions or elimination heats in which they are to compete, and their *post positions, must be determined by lot.

403 s Also-eligibles

Not more than 2 *horses may be drawn as also-eligibles, in accordance with the following:

- (a) also-eligibles are to be drawn from horses having the best preference;
- (b) no horse is to be added to the *race as an also-eligible unless it was drawn as an also-eligible at the time *declarations closed for that race, however, once drawn as an also-eligible and programmed, it is considered part of that race;
- (c) no horse is to be barred from another race to which it is eligible and has preference because it has been drawn as an also-eligible;
- (d) also-eligibles moved into races must be posted in the office of the racing secretary and their *owners or *trainers must immediately be so notified by the racing secretary;
- (e) also-eligibles not moved into a race by 10:00 a.m. of the *day of the race must be released;

406 s Errors in program

- (1) When there is conclusive evidence that a *horse was properly declared to an overnight event, but omitted from a program due to error or negligence by an official or employee of the *licensed operator, the horse so omitted may be added to the *race and given the last *post position, if
 - (a) the error is found before the printing of the official program, and
 - (b) the addition does not result in more than the maximum number of *starters allowed in a single field.
- (2) If the program has been printed, the horse is not permitted to start.
- (3) If a horse omitted as described in subsection (1) was nominated or declared to a *stake, it must be added to the race and given the last post position, and in that case, if its addition results in more than the maximum number of *starters allowed in a single field, the event must be divided and the starters in each division and their post positions must be redrawn by lot.
- (4) If the omission described in subsection (1) is discovered during or within a reasonable time after the drawing of entries, and the *judges board accept the reason for the omission, the race may be redrawn with the omitted horse being part of the draw.

- (c) when a horse is entered for its second lifetime start it has preference over horses that have started twice or more and have an equal preference date to single starter;

- (d) if a *declaration is made for a horse that has already been drawn to start in a race that has not yet been contested, the date of that uncontested race is its preference date;
- (e) if a horse has been *scratched, other than by the *judges board, the date of the race from which it is scratched is its preference date;
- (f) if a race has been reopened for additional declarations, preference is to be given to those horses eligible and declared at the time declarations closed originally;
- (g) if conditions so specify, preference can be given to 2-year old horses, regardless of preference date.

In the event the handicap is different, the also eligible horse shall take the position on the outside of horses with a similar handicap, except when the horse that is scratched is a trailing horse, in which case the also eligible horse shall take the trailing position, regardless of its handicap. In handicap claiming races with one trailer, the trailer shall be determined as the 4th best post position unless otherwise mandated by the appropriate regulatory body.

DIVISION 5 PLACING AND MONEY DISTRIBUTION

419 s Adverse conditions during a race *(amended 03/20)*

If, in their opinion, the Judges are unable to properly judge the running or finish of a race they may declare the race to be "No Contest". When a race has been declared "No Contest" by the Judges, all monies wagered on that race will be distributed in accordance with the provisions of the Pari-Mutuel Betting Supervision Regulations under the Criminal Code (Canada). No purse distribution is to be made to any of the horses that started in such race except as provided for in Rule 415 or with the approval of the Registrar of Regulatory Authority. The line for the race will be charted by the charter to the best of his/her ability to indicate the performance of each horse in the race, however, such charted line shall not be used for the determination of preference dates or eligibility to any future race. In the event that the race that is declared "No Contest" is a claiming race the provisions of Claiming Races of these rules are applicable, and notwithstanding a determination that the race is "No Contest", title to the horse shall be deemed to have passed to the claimant if the claimed horse is behind the gate and the horse has reached the starting point.

In overnight events, if there are less than 5 starters, the premium for the positions for which there are no starters may be awarded to the race winner or may be retained by the Association but such premiums retained are not to be included in percentages of any agreement between the Association and any recognized participants' association.

423 s Less than 5 starters in a stakes

If there are less than 5 *starters in a *stake,

In such case, the Judges may invoke the provisions of Rule 448 if they deem it in the public interest to do so.

If, during the preliminary scores or during a race a driver is unseated in such a manner that he/she falls to the ground, the Judges may direct the driver to report to the paramedics or first respondents or to the emergency department of the nearest hospital for examination and receive written clearance to continue with driving assignments on that day of racing.

The Judges may set any horse back one or more places if, in their judgment, any of the above violations have been committed, and the driver may be subject to a monetary penalty or suspension or both.

A driver desiring to enter a claim of foul, or other complaint of violation of the Rules, shall make this known to the nearest patrol judge and shall proceed forthwith to the paddock telephone to communicate immediately with the Judges. The Judges shall not cause the official sign to be posted until the matter has been dealt with.

467 s When no communication facilities are available
